Product Overview

Professional Electric Circular Saw

This professional-grade circular saw is engineered for durability and precision in heavy-duty cutting applications. Equipped with a powerful 1600W motor and a 185mm blade, it delivers consistent performance at 5000rpm for efficient material processing. Designed with adjustable settings and a robust base, this tool offers the stability required for controlled and accurate cuts.

Performance Metrics

Power Output

1600 W
Power

5000 rpm
No Load Speed

Cutting Capacity

Angle	Capacity
90°	63mm
45°	42mm

Blade Diameter	185 mm

Technical Specifications

Electrical Requirements	230-240V / 50Hz
Net Weight	4.5 kg
Model Number	MIY-YH7-185

Logistics

Container Load Capacity

- 1532 pcs per 20' container
- 3176 pcs per 40' container
