

1-Ton Electric Chain Hoist

This electric chain hoist has a 1-ton capacity and a lifting speed of 6.6 meters per minute. It is certified to ISO9001:2008, SGS, and CE standards, ensuring quality and safety.

Overview

Reliable 1-Ton Lifting Solution

This electric chain hoist is a robust lifting solution designed for demanding industrial and construction environments. It features a high-efficiency motor and a precise control system to ensure smooth, accurate operations even in confined spaces. Built for durability, it includes essential safety features like overload protection and emergency stop functionality to protect both operators and equipment.
