

10-16 L/Day Mechanical Dehumidifier

This dehumidifier removes 10 to 16 liters of moisture per day. It features a front-removable 4L water tank with a full bucket indicator, automatic defrost control, 2 fan speeds, a washable air filter, and a threaded drain hose connection for continuous external drainage.

Product Overview

Efficient Moisture Control

This 10-16 L/Day mechanical dehumidifier is engineered to effectively manage indoor humidity, preventing mold, mildew, and musty odors. Designed for convenience and portability, it features a user-friendly mechanical humidistat, a 4L front-removable water tank, and smooth-rolling castors. With its quiet rotary compressor and dual fan speeds, it provides a reliable solution for maintaining optimal air quality in residential or commercial spaces.
