Overview

High-Performance 100 HP Wheel Tractor

This 100 HP wheel tractor is engineered for dry land and multifunctional agricultural operations, utilizing advanced European technology for superior reliability. It features a high-torque engine, a robust chassis with a waterproof front axle, and a comfortable, ergonomic operator station. Designed to meet international standards, this tractor offers exceptional traction and lifting capabilities, making it a versatile solution for diverse farming tasks.

Performance & Engine

Engine Power

100 HP
Horsepower

35 %
Torque Reserve Coefficient

Emission Standard

Euro II

Maximum Traction Force

23.7 kN

Transmission & Drivetrain

Transmission Options

- Standard synchronizer gear
- Optional power shift with shuttle
- Optional power shift with high and low gear

Hydraulics & PTO

Maximum Lifting Force	20 kN
PTO Rotation Speeds	540 RPM, 760 RPM, 850 RPM, 1000 RPM
Three-Point Hitch	Category II

Technical Specifications

Fuel Tank Capacity	150 L
International Certifications	OECD, EAC, E-mark
