Product Overview

Professional Grade Bus Side View Mirror

This high-performance side view mirror is specifically engineered for commercial bus applications, focusing on driver safety and operational efficiency. Featuring a robust dual-mirror assembly, it provides a comprehensive field of view that significantly reduces blind spots for safer maneuvering. The aerodynamic design ensures minimal wind resistance and vibration, while the weather-resistant construction guarantees long-term durability in demanding road conditions.

Design & Construction

Weather Resistance

Corrosion Resistant • Weatherproof

Housing Material	Durable black housing
Aerodynamic Features	Yes

Visibility & Safety

Mirror Configuration

- Large main mirror
- Integrated convex mirror

Visibility Performance

1 High
Blind Spot Reduction

Integrated Features	Turn signal indicators, Blind spot reduction

Installation & Compatibility	
Installation	Easy installation with secure mounting
