

# 108L Home Chest Freezer Refrigerator with Temperature Transfer

This 108L chest freezer is designed for home use, offering both refrigeration and freezing capabilities. Its temperature transfer technology allows for versatile temperature management, making it a practical appliance for any household.

## ADDITIONAL IMAGES

## Product Overview

### Versatile 108L Chest Freezer

This 108L chest freezer offers a flexible solution for home storage needs, featuring advanced temperature transfer technology that allows it to function as both a refrigerator and a freezer. Designed for efficiency, it utilizes direct cooling and high-quality foaming insulation to maintain optimal temperatures. With its compact footprint and energy-efficient operation, it is a practical and reliable choice for preserving a variety of food items.

## Capacity & Dimensions

Total Capacity	108 L
Overall Dimensions (W*D*H)	625 * 525 * 835 mm
Packing Dimensions (W*D*H)	685 * 615 * 887 mm

## Technical Specifications

Refrigeration Type	Direct cooling
Refrigerant	R600a
Temperature Control	Mechanical
Climate Type	SN/N/ST

## Performance & Efficiency

### Energy Class

A

### Power Requirements

**220 V**

Voltage

**50 Hz**

Frequency

## Features & Accessories

### Key Features

- Super freezer function
- Fridge and freezer temperature transfer
- High quality foaming insulation
- Storage basket included
- Easy to clean interior
- Inner efficient evaporator

### Optional Add-ons

Lock and key

## Logistics

### Weights

Type	Weight
Net Weight	29 KG
Gross Weight	33 KG
