Disposable Bouffant Hair Caps

These lightweight and breathable disposable bouffant caps are constructed from spunbond polypropylene (SPP). They offer a comfortable fit with an elastic band and are ideal for use in various environments.

Product Overview

Professional Hygiene Protection

These disposable bouffant caps are designed to provide reliable hair containment in sensitive environments. Constructed from high-quality spunbond polypropylene, the caps offer a lightweight and breathable fit suitable for extended wear. The integrated elastic band ensures a secure, comfortable fit for various head sizes, making them an essential tool for maintaining high standards of hygiene and contamination control.

Physical Properties

Color
Blue

Material Composition	Spunbond Polypropylene (SPP)

Applications

Primary Industry Applications	Food Processing, Healthcare, Cleanroom Settings

Key Features

Product Features

- Lightweight and breathable design
- Effective hair containment
- Secure elastic band fit
- Disposable for optimal hygiene
