Product Overview

High-Performance Cutting Solution

This high-performance cutting disc is engineered specifically for stainless steel (INOX) applications, offering exceptional durability and working efficiency. Designed for precise metalworking and fabrication tasks, it ensures a clean, efficient cut every time. The disc is built to meet rigorous safety standards, making it a reliable choice for professional environments.

Technical Specifications

Dimensions

115 mm

Diameter

1.2 mm

Thickness

22.2 mm

Bore Diameter

Operating Limits

13290 RPM

Max Speed

80 m/s

Max Peripheral Speed

Compliance & Usage

Compatible Materials

- Stainless Steel (INOX)
- Edelstahl Stahl
- Inox Acero

Standards Compliance

EN12413, MPA
