Product Overview

Professional Grind and Brew Experience

This 1.25L Grind and Brew Coffee Maker offers a seamless bean-to-cup experience, integrating a high-quality conical burr grinder with a programmable brewing system. Designed for versatility, it accommodates both coffee beans and pre-ground powder, allowing users to customize fineness and strength to their exact preference. With smart touch controls, a 24-hour timer, and a keep-warm function, this appliance is engineered to deliver fresh, aromatic coffee with minimal effort.
