

1.2L Ceramic Electric Kettle with Wooden Accents

This 1.2L ceramic electric kettle combines modern design with functional performance. It features a geometric triangle pattern, a natural wood lid, and a wooden switch lever.

Product Overview

Elegant Ceramic Design

This 1.2L ceramic electric kettle blends modern functionality with a sophisticated aesthetic, featuring a clean white finish with geometric accents. Designed for both style and safety, it includes a natural wood lid and switch lever for an organic touch. It is a practical, high-quality appliance perfect for tea and coffee enthusiasts who value both performance and kitchen decor.
