

12V Cordless Drill with 30N.m Torque

This 12V cordless drill is powered by a 2.0Ah lithium-ion battery. It delivers a maximum torque of 30N.m for drilling and screwdriving.

Overview

High-Performance 12V Cordless Drill

This 12V Li-ion cordless drill is engineered for professional versatility, offering a compact 17cm slim body design that excels in narrow spaces. Delivering a maximum torque of 30N.m and featuring a dual-speed range, it provides the precision needed for both high-speed drilling and high-torque screwdriving. The ergonomic soft-grip handle and integrated LED light with delay function ensure comfortable and efficient operation in various working environments.

Technical Specifications

Comprehensive overview of the drill's components including the 10mm chuck, slim body design, and battery system.

Drilling Capacity

Material	Max Diameter
Steel	10mm
Wood	25mm

No-load Speed	0-350 / 0-1350 rpm
Chuck Type	10mm Key-less Lock Chuck

Battery & Power

Battery Configuration	12V / 2.0Ah Li-ion
Power Management	Low Energy Consumption, Quick Charging, High Efficiency Motor

Design & Ergonomics

Design Features

- 17cm Slim body for narrow space access
- Soft grip handle for comfortable hold
- Metal protection design to prevent knocks
- LED light with delay function
- Step-less speed adjustment switch
- Reverse adjustment toggle

Package Contents

Included in Box

- 12V Cordless Drill
- Two Battery Packs
- Fast Charger
- Tool Bag
- Drill Bits
- Belt Buckle

Packaging

Exquisite Packaging • Easy Carry • Easy Store
