

12V Cordless Lithium-Ion Drill Driver

This 12V cordless drill is a versatile power tool for drilling and screwdriving. It features adjustable clutch settings and variable speed control for precise material engagement.

Product Overview

Professional Cordless Performance

This 12V Cordless Lithium-Ion Drill Driver features a durable brushless permanent magnet motor with sensorless driving technology for efficient and reliable performance. Designed with user comfort in mind, it includes a soft-grip handle and a compact form factor suitable for tight spaces. The tool offers versatile operation with a mechanical two-speed gearbox, variable speed control, and a quick-charge system, making it an ideal choice for demanding drilling and screwdriving applications.
