

14-16T Heavy-Duty Forklift Truck

This heavy-duty forklift truck is designed for lifting and transporting loads in industrial environments. With a lifting capacity of 14-16 tons, it features a robust chassis and powerful hydraulic system for reliable operation.

Overview

Heavy-Duty Material Handling Solution

The CPCD150 is a heavy-duty forklift truck engineered for demanding industrial environments, offering a robust lifting capacity of 14-16 tons. It features a durable chassis, a powerful engine, and an advanced hydraulic system designed for efficient and reliable heavy-load operations. With an ergonomic cabin for operator comfort and safety, this forklift ensures precise handling in warehouses, construction sites, and other rigorous material handling settings.
