

14-Inch Concrete Saw

This concrete saw is designed for cutting concrete, asphalt, and other hard materials. It features a 14-inch diamond blade, adjustable cutting depth, and a water cooling system.

Product Overview

Professional Concrete Cutting Performance

The CBC-14-E is a robust and powerful concrete saw engineered for demanding tasks in construction, demolition, and road repair. Designed to handle concrete, asphalt, and other hard materials, it features a heavy-duty frame for stability and a high-performance electric motor. With an adjustable cutting depth and an integrated water cooling system to minimize dust and extend blade longevity, this unit is built for efficiency and precision on the job site.

Technical Specifications

Max Power Output

2.4 kW

Power

3.2 PS

Power

Model

CBC-14-E

Power Source

Electric Motor

Cutting Capabilities

Compatible Blade Sizes

- 254 mm (10 inch)
- 305 mm (12 inch)
- 356 mm (14 inch)

Cutting Depth

420 mm

Cutting Length

70 mm

Physical Dimensions

Machine Dimensions

Dimension	Value	Unit
Length	960	mm
Width	450	mm
Height	730	mm
