

1400W Electric Marble Cutter with 110mm Blade

This electric marble cutter is equipped with a 110mm diamond blade for clean and accurate cuts. It features a water cooling system to reduce dust and extend blade life, while its adjustable cutting depth allows for versatile applications.

Product Overview

Professional Marble & Stone Cutting

The 1400W Electric Marble Cutter is engineered for precision and efficiency when working with marble, tile, and various stone materials. Featuring a 110mm diamond blade and a powerful motor, it delivers clean, accurate cuts suitable for demanding professional applications. The unit includes an integrated water cooling system to minimize dust and extend blade longevity, alongside an adjustable cutting depth for versatile performance.

Performance Metrics

Input Power

1400 W
Power

No-Load Speed	13000 rpm
---------------	-----------

Cutting Capabilities

Blade Diameter	110 mm
----------------	--------

Maximum Cutting Depth	34 mm
-----------------------	-------

Electrical Specifications

Supported Voltage

- 110-120V
- 220-240V

Frequency	50/60Hz
