Product Overview

Premium 145L Outdoor Refrigeration

This high-quality 145L stainless steel refrigerator is engineered specifically for outdoor environments, offering professional-grade durability and weather resistance. Featuring a robust compressor system and precise digital temperature control, it ensures your beverages and food items remain perfectly chilled even in fluctuating ambient conditions. Its sleek modern design and flexible storage options make it an ideal centerpiece for outdoor kitchens, patios, and entertainment areas.

Key Performance Metrics

145 L

Total Capacity

5.1 cu.ft

Storage Volume

Technical Details

Model Number	BC-145B1EQ / BC-145A1EQ
Compliance & Certifications	ETL, CE, GS, CB
Cooling Technology	Compressor-based cooling with efficient ventilation

Design & Construction

Door Features

- Stainless steel exterior option
- Tempered glass door option
- Sturdy integrated handle
- Secure locking mechanism

Exterior Material

High-quality stainless steel for corrosion resistance

Interior & Storage

Internal Configuration

- Adjustable shelving for flexible bottle/can sizes
- Integrated door racks
- LED interior lighting
- Digital thermostat display

Usage Environment

Recommended Use

Outdoor Kitchens • Patios • Decks • Commercial • Household
