Product Overview

High-Performance Alkaline Power

These 1.5V alkaline dry cell batteries are engineered to provide reliable, long-lasting energy for a wide range of electronic devices. Featuring a leak-proof design, they are built to protect your electronic apparatus while delivering consistent performance. With a focus on environmental safety, these batteries are manufactured with 0% mercury and cadmium, making them an ideal choice for everyday power needs.

Technical Specifications

| | |
|--------------------------|-----------------------------------------|
| Voltage | 1.5 V |
| Battery Type | Alkaline Dry Cell |
| Size Standard | AA (LR6) |
| Environmental Compliance | 0% Mercury, 0% Cadmium, REACH Compliant |
