

160mm Circular Saw with 55mm Cutting Depth

This circular saw has a blade diameter of 160mm and a no-load speed of 4500/min. It achieves a maximum cutting capacity of 55mm at 90 degrees and 38mm at 45 degrees.

Product Overview

Precision Cutting Performance

This 160mm circular saw is engineered for high-performance cutting across a variety of professional woodworking and construction applications. Equipped with a robust motor and adjustable depth settings, it offers the reliability needed for demanding tasks. Its durable construction ensures longevity, while the compact design provides excellent control and precision for every cut.

Technical Specifications

Blade Size	160mm (6 1/4 inch)
Power Input	1200 W
Voltage	120 V
No Load Speed	5000 RPM

Cutting Capabilities

Cutting Depth Performance

55 mm Max Depth at 90°	38 mm Max Depth at 45°
----------------------------------	----------------------------------

Physical Attributes

Weight	4.5 kg
