Overview

Professional 16mm Benchtop Drill Press

The ZX-16J is a high-performance benchtop drill press engineered for precision and durability in professional workshop environments. Featuring a 370W motor and a versatile 12-speed configuration, this machine provides optimal drilling control for a wide range of materials. Its robust construction and adjustable work surface make it an essential tool for demanding drilling applications requiring consistent accuracy.

Performance

Motor Power

370 W

Motor Power

Max Borehole Diameter	16 mm
Spindle Speed Range	250-3200 RPM
Speed Settings	12

Technical Dimensions

Spindle Stroke	85 mm
Spindle Center to Column Surface	182 mm
Table Itinerary	365 mm
Column Diameter	72 mm
Desk Size	310 mm
