

# 1.7L Double-Walled Electric Kettle

This electric kettle features a double-walled insulated body to keep water hot and prevent burns. It has a 1.7L capacity, concealed heating element for easy cleaning, and automatic shut-off for safety.

## Product Overview

### Efficient Boiling Solution

This 1.7L electric kettle is engineered for efficiency and safety in professional or home environments. Featuring a double-walled insulated body, it effectively retains heat while keeping the exterior cool to the touch. With a 1500W heating element and integrated safety features like boil-dry protection and automatic shut-off, it provides a reliable and convenient solution for daily hot water needs.

## Technical Specifications

### Power Consumption

**1500 W**

Rated Power

Capacity	1.7 L
Heating Element	Concealed

## Design & Materials

Body Construction	Double-walled insulated
Materials	Food-grade stainless steel, BPA-free plastic

## Safety Features

### Safety Protections

- Boil-dry protection
- Automatic shut-off
- Cool-touch exterior
