Product Overview

Premium Glass Electric Kettle

This 1.7L electric kettle combines modern aesthetics with precise temperature control, making it an essential appliance for any kitchen or office. Crafted from durable, high-borosilicate glass, it offers excellent heat resistance and allows for clear visibility during the boiling process. With intuitive digital controls and rapid heating capabilities, it is designed to deliver the perfect temperature for various teas and coffees while ensuring safety with features like boil-dry protection and automatic shut-off.
