

18-Inch Gasoline Powered Chainsaw for Wood Cutting

This gasoline chainsaw features an 18-inch bar and chain, making it suitable for a variety of cutting applications. The handheld design ensures ease of use and maneuverability.

Product Overview

Professional Performance and Safety

This 18-inch gasoline-powered chainsaw is engineered for efficient wood cutting and reliability in demanding environments. It features an advanced safety brake system and has achieved CE certification, ensuring compliance with rigorous international safety standards. Designed with user comfort in mind, the unit includes ergonomic handlebars and a lightweight chassis to reduce fatigue during extended operation.

Technical Specifications

Guide Bar Length	18 inch
Chain Specifications	Low Kickback, Origen Chain, 0.050 inch gauge
Power Source	Gasoline Petrol Engine

Features & Safety

Certifications

CE Certified

Safety Systems

- Integrated brake system
- Low kickback chain design

Lubrication

High-quality automatic oil pump system

Design & Ergonomics

Handle Configuration	Ergonomic front and recessed rear handlebars
