

18-Inch Rear Roller Lawn Mower

This 18-inch roller lawn mower is designed to create a striped finish on lawns. It features adjustable cutting height and a collection bag for efficient cleanup.

Overview

Professional Striped Finish

This 18-inch rear roller lawn mower is engineered for professional-grade lawn maintenance, specifically designed to achieve the classic striped finish favored in high-end landscaping. Featuring a robust engine and durable construction, it delivers reliable power and consistent performance for efficient cutting. The ergonomic design includes an adjustable cutting height and a convenient folding handle, making it a versatile and user-friendly solution for maintaining pristine lawns.
