

18-Piece HSS Drill and Driver Bit Set

This 18-piece set includes high-speed steel drill bits suitable for drilling into wood, plastic, and metal. It also features screwdriver bits in various sizes and types, such as Phillips, slotted, and Torx.

Overview

Versatile 18-Piece Drill and Driver Set

This comprehensive 18-piece set is engineered for general-purpose drilling and driving tasks across various materials, including wood, plastics, and metals. Featuring high-performance M2 high-speed steel drill bits and premium S2 steel screwdriver bits, this collection ensures durability and long-lasting sharpness. Designed with a 1/4-inch hex shank, the bits allow for rapid tool changes, making it an essential addition to any professional or DIY toolkit.
