Product Overview

High-Performance Cordless Grinding

This 18V cordless angle grinder is engineered for professional cutting, grinding, and polishing tasks. Designed with a focus on efficiency and durability, it features a 125mm disc capacity and a high-speed motor to handle demanding material removal jobs. The ergonomic soft-grip design and safety-focused features like the quick-release guard and soft-start technology ensure both operator comfort and enhanced control during extended use.

Technical Specifications
