Product Overview

Compact High-Performance Audio Solution

This 2-channel car audio amplifier delivers a peak music power output (P.M.P.O) of 100W in a compact, durable aluminum housing. Designed for versatility, it supports multiple audio sources including Bluetooth, USB, SD cards, and FM radio, making it an ideal choice for diverse audio setups. With integrated tone controls for treble and bass, it offers users precise sound customization in a space-saving 125x72x40mm form factor.

Technical Specifications

Peak Power Output

100 W
P.M.P.O

Operating Voltage 9-14.4V DC

Speaker Impedance 4-16 Ω

Physical Attributes

Dimensions 125 x 72 x 40 mm

Housing Material Aluminum

Features & Connectivity

Control Features

- Treble Control
- Bass Control
- Master Volume Control
- Remote Control
- Input Selection
- Digital Display

Connectivity

RCA Input • 2-Channel Output • DC 12V Input

Supported Media

Bluetooth, USB, SD Card, FM Radio, MP3
