

2-Ton Hydraulic Bottle Jack

This hydraulic bottle jack is designed for lifting cars, trucks, and SUVs. It is equipped with a heavy-duty steel frame for durability and strength.

Overview

Compact Hydraulic Lifting Power

This 2-Ton Hydraulic Bottle Jack is engineered for reliable lifting performance in automotive maintenance and repair environments. Featuring a heavy-duty steel frame construction, it provides the durability and strength required for safely lifting cars, trucks, and SUVs. The unit includes an integrated safety valve to prevent overloading, ensuring secure operation in garages, workshops, or for emergency roadside assistance.
