

20-32 HP Compact Utility Tractor

This compact utility tractor is designed for a variety of agricultural and landscaping tasks. It features optional gear configurations and easy, flexible hydraulic steering.

Overview

Compact Utility Tractor Versatility

This 20-32 HP compact utility tractor is engineered for high performance in agricultural, hobby farm, and grounds maintenance environments. With a 1.53L displacement engine and an 8+2 transmission, it provides the reliability needed for diverse field tasks. Its compact design and high ground clearance ensure maneuverability and efficient operation in tight spaces.

Engine Performance

Engine Metrics

14.7 kW

Rated Power

1.53 L

Displacement

2350 rpm

Rated Speed

29 L

Fuel Capacity

Engine Technical Data

Feature	Detail
Cylinders	3
Intake Mode	Natural
Cooling System	Water-cooled
Fuel Consumption	d244g/kW.h

Dimensions and Weight

Physical Dimensions

- Overall (LxWxH): 3210 x 1475 x 1860 mm
- Wheelbase: 1616 mm
- Ground Clearance: 335 mm
- Operating Weight: 1280 kg

Drivetrain

Transmission

8 Forward + 2 Reverse gears with a Two-axis mechanical gearbox

Working Equipment

PTO Configuration

540/760 rpm, 540/1000 rpm, 6 or 8 Splines

Hydraulic Lift Capacity

5.2 kN
