

20-Inch Folding Bicycle with Multi-Speed Drivetrain

This folding bicycle has a blue frame and 20-inch wheels. It is equipped with a multi-speed drivetrain and rim brakes.

Product Overview

Versatile Folding Solution

This 20-inch folding bicycle is engineered for urban mobility, combining a compact, portable design with a reliable multi-speed drivetrain. Its folding frame mechanism allows for effortless storage in tight spaces, making it an ideal choice for commuters and city dwellers. With adjustable components and a sturdy rear rack, it balances comfort, utility, and efficiency for daily riding needs.
