

20V Cordless Drill Driver with 2AH Lithium-ion Battery

This cordless drill driver operates on a 20V system and includes a 2AH lithium-ion battery. It is supplied in a blow molded case for convenient storage.

Product Overview

Professional Cordless Drill Driver

This 20V cordless drill driver is engineered for versatility and consistent performance in demanding work environments. Featuring a 2Ah lithium-ion battery, it provides extended runtime and quick charging capabilities to minimize downtime. With its ergonomic design, including a belt clip and integrated LED light, this tool is optimized for high-altitude operation and work in low-light conditions.

Technical Specifications

Nominal Voltage	18 V
Maximum Initial Voltage	20 V
Battery Capacity	2 Ah
Gearbox	Two-speed powder metallurgy

Features & Functionality

Key Features

- Built-in LED light for dark areas
- 1-hour quick charge time
- Short circuit protection
- Battery capacity indicator
- Spindle lock for easy bit changes
- Multifunctional quick-change design

Ergonomics & Portability	Belt clip design, High-altitude operation ready, Compact form factor
