Product Overview

Professional Cordless Performance

This 20V Max cordless circular saw is engineered for high-performance cutting in professional environments. Featuring an advanced brushless motor, it delivers extended runtime, increased efficiency, and reduced noise compared to standard models. Designed with safety and precision in mind, it includes a soft-start mechanism, electric brake, and a durable aluminum alloy upper guard for reliable daily operation.

Technical Specifications

Motor Technology	Brushless
No-Load Speed	6500 min-1
Maximum Voltage	20 V
Nominal Voltage	18 V
Battery Capacity	4 Ah

Cutting Capabilities

Cutting Depth Capacities

Angle	Depth
90°	55
45°	41

Blade Diameter	165 mm
Compatible Materials	Wood, Soft steel, Non-ferrous metal

Features & Safety

Safety & Control Features

- Electric Brake Stop
- Soft start design
- Short circuit protection
- Aluminum alloy upper guard

Convenience Features

Built-in LED Light • Battery Level Indicator • High Torque Mode
