

2.1 Channel Multimedia Speaker System with USB and SD Card Support

This 2.1 speaker system delivers immersive audio with a dedicated subwoofer and two satellite speakers. It also has a USB/SD card reader and double karaoke jack.

Overview

Immersive 2.1 Channel Audio Experience

This 2.1 channel multimedia speaker system is designed to deliver a balanced audio performance for desktop environments, featuring a dedicated 5.25-inch subwoofer for deep bass and dual 3-inch satellite speakers for clear mid and high-range frequencies. With versatile connectivity including USB and SD card support, this system is an ideal solution for enhancing audio in music, movies, and gaming setups. Its compact design ensures it fits easily on most workspaces while providing powerful, high-fidelity sound.
