Product Overview

Heavy-Duty Metalworking Performance

This professional-grade 230mm angle grinder is engineered for demanding metalworking, construction, and stone fabrication tasks. It features a robust motor and an ergonomic design to ensure comfortable handling during heavy-duty cutting, grinding, and polishing applications. Built for long-lasting performance, this tool is an essential addition to any industrial workshop or construction site.

Technical Specifications

Wheel Diameter	230 mm
Max Peripheral Speed	80 m/s
Suitable Applications	Metal Grinding, Cutting, Polishing, Construction, Stone Fabrication

Design & Features

Key Features

- Ergonomic handle design
- Integrated ventilation slots for cooling
- Robust housing construction
- Heavy-duty trigger mechanism
