Product Overview

High-Performance Canister Vacuum

This 2400W canister vacuum cleaner is engineered for powerful suction and efficient dust management, making it an ideal choice for professional cleaning environments. Featuring advanced multi-silence technology and an integrated HEPA filtration system, it ensures thorough allergen removal while maintaining quiet operation. With versatile power controls and an eco-friendly motor design, this unit balances high-efficiency cleaning with energy-conscious performance.

Technical Specifications

Motor Power	2400 W
Dust Capacity	4 L
Cord Length	7 M
Model Number	KB-8009

Features

Control Options

- Manual speed control
- Digital speed control
- Variable power adjustment

Convenience

Dust Full Indicator • Cord Rewinding System • Telescopic Metal Tube

Filtration

HEPA Filter, Washable Cloth Bag
