

2.4GHz Wireless Optical Mouse

This is a 2.4GHz wireless optical mouse with a streamlined, ergonomic design. It provides precise tracking and smooth scrolling for enhanced productivity.

Overview

Reliable Wireless Performance

This 2.4GHz wireless optical mouse offers a clutter-free workspace with a reliable operating range of 8-10 meters. Designed for efficiency and ease of use, it eliminates cord tangles and provides a seamless connection without directional limits. With 1000DPI high-resolution tracking, it ensures precise cursor control to help you accomplish your work more quickly and effectively.
