

## 25 kVA to 2475 kVA Diesel Generator Sets

These diesel generator sets offer power solutions ranging from 25 kVA to 2475 kVA. They feature excellent damping performance, advanced control systems and provide green environmental protection with low noise.

### ADDITIONAL IMAGES

### Product Overview

#### High-Performance Power Solutions

These diesel generator sets offer a comprehensive power range from 25 kVA to 2475 kVA, designed to deliver reliable and efficient energy. Built with advanced control systems and superior damping performance, they ensure stable operation across various industrial, commercial, and residential applications. The units are engineered for durability and low-noise performance while meeting rigorous global emission standards.

### Technical Specifications

#### Power Output Range

**25 kVA**

Minimum Power

**2475 kVA**

Maximum Power

#### Supported Frequencies

- 50 Hz
- 60 Hz

### Compliance & Standards

#### Emission Compliance

Euro Stage IIA, EPA Tier 2, EPA Tier 3, EPA Tier 4

### Key Features

#### Operational Advantages

Low Noise • Excellent Damping • Advanced Control System • Environmentally Friendly
