

25-Liter Electric Oven with Rotisserie

This compact electric oven is designed for versatile cooking in smaller spaces. It features a 25-liter capacity and includes a rotisserie function for evenly cooked poultry and meats.

Product Overview

Compact Versatility

The 25-liter electric oven is designed for professional and versatile cooking in space-constrained environments. Equipped with a robust rotisserie function, it ensures even heat distribution for poultry and meats. Precise temperature control and flexible heating modes provide consistent results for a wide variety of culinary applications.
