Overview

Reliable Portable Power Solution

The BS3000 is a versatile 2.5kW gasoline generator engineered for high performance and portability. Featuring a robust OHV engine and an Automatic Voltage Regulator (AVR) system, it provides stable power for tools and appliances in various mobile environments. With both recoil and electric start options and a large 15L fuel tank, this generator is built for convenience and long-lasting operation.

Engine Specifications

Engine Details

Feature	Specification
Engine Type	Single cylinder, 4-stroke, forced air cooling, OHV
Displacement	212 cc
Bore x Stroke	70 x 55 mm
Speed	3000-3600 rpm
Oil Capacity	0.6 L

Electrical Output

Rated Voltage	110/220V
Rated Current	11.4 A
Frequency	50/60Hz

Operation & Safety

Starting Mode	
<ul style="list-style-type: none">• Recoil Start• Electric Start	
Control Panel Features	AVR System, Volt Meter, Circuit Breaker, Low Oil Indicator, Grounding Terminal

Physical Properties

Fuel Tank Capacity	15 L
Dimensions (L*W*H)	605*450*470mm
Net Weight	43 kg

Compliance & Warranty

Certifications	
CE • Euro-V	
Warranty	3 months - 1 year
