

26mm Rotary Hammer

This rotary hammer is designed for drilling and chiseling in concrete, brick, and stone. It features a robust motor that delivers high impact energy for efficient material removal.

Product Overview

High-Performance Rotary Hammer

This versatile 26mm rotary hammer is engineered for demanding construction and demolition tasks in concrete, brick, and stone. Equipped with a robust 900W motor and an SDS-plus chuck system, it ensures efficient power delivery and rapid bit changes. Its ergonomic build and auxiliary handle are designed to reduce user fatigue during intensive drilling or chiseling applications.

Technical Specifications

Performance Metrics

900 W

Rated Power

950 r/min

No Load Speed

4600 r/min

Impact Rate

Drilling Capacity

Material	Max Diameter
Concrete	28mm
Wood	40mm
Steel	13mm

Chuck Type

SDS Plus

Electrical & Compliance

Voltage & Frequency	110V/220-240V, 50/60HZ
Certifications	CE, FCC

Accessories & Packaging

Box Contents

- 2 Drills
- 2 Chisels
- Blow Molded Case (BMC)
