

3-13mm Electric Drill Bit Sharpener

This electric drill bit sharpener provides accurate and rapid grinding for bits ranging from 3-13mm. It features a diamond grinding wheel, powerful DC motor, and adjustable central point.

Overview

Precision Drill Bit Sharpening

This electric drill bit sharpener offers an accurate and rapid grinding solution for drill bits ranging from 3mm to 13mm. Designed for ease of use, it requires no specialized skills to achieve professional-grade results. Equipped with a powerful DC motor and a durable diamond grinding wheel, this unit ensures stable operation, consistent frequency, and a long service life, making it an economical choice for improving workshop efficiency.

Technical Specifications

Grinding Range	3 mm
Max Grinding Diameter	13 mm
Point Angle	100-135°
Motor Power	120 W
Rotation Speed	4400 RPM
Power Supply	AC 220V
Compatible Grinding Wheels	CBN, SDC

Physical Attributes

Weight	10 kg
Dimensions	32 x 18 x 19 mm

Features

Key Features

- Easy operation with no specialized skills required
- Diamond grinding wheel for long service life
- Adjustable central point size for material coordination
- Powerful DC motor with stable frequency
- Includes bearing shaft and locking unit
