Product Overview

HVAC Definite Purpose Contactor

This 3-pole definite purpose contactor is engineered specifically for reliable performance in HVAC and refrigeration applications. It features robust construction designed to handle varying voltage loads and motor requirements, ensuring consistent operation in air conditioning systems. The unit is built for secure installation with specified torque requirements and is compatible with copper wiring for high-temperature environments.

Technical Specifications

Number of Poles	3
Coil Voltage	208/240VAC
Operating Frequency	60 Hz
Resistive Rating per Pole	40 A
Wire Compatibility	Cu 75°C

Performance Ratings

Load Ratings

Voltage (VAC)	FLA (A)	LRA (A)	HP Rating
120	30	180	2 HP
240	30	180	5 HP
480/600	30	150	15 HP

Installation

Terminal Torque Requirements

20 lb. in.

Terminal Screw

40 lb. in.

Lug Set Screw

Compliance & Support

Certifications

UL Certified

After-Sales Support

- OEM/ODM available
- 100% self-inspection and testing
- Replacement policy for quality issues
