

3-Ton Vehicle Support Stand

This heavy-duty jack stand is designed to support vehicles after lifting. It features adjustable height settings and a locking mechanism for secure positioning during automotive repair.

Product Overview

Heavy-Duty Vehicle Support

This 3-ton jack stand set is engineered for professional automotive repair and maintenance, providing reliable support for vehicles after lifting. Constructed from high-grade steel, these stands offer exceptional strength and durability for long-term workshop use. The design features a wide base for maximum stability under load and adjustable height settings with a secure locking mechanism.
