

3.0T Diesel Internal Combustion Forklift

This diesel forklift features an advanced structure painting to prevent light reflection-related security incidents. Its protective grid prevents component damage and extends the cooling system's lifespan.

Overview

High-Performance Diesel Forklift

This 3.0T diesel internal combustion forklift is designed for demanding industrial environments, offering a reliable material handling solution. It features a robust construction suitable for warehousing, construction, and manufacturing applications. With high torque and efficient operation, it ensures productivity while maintaining safety and operator comfort.

Performance

Key Performance Metrics

3000 kg
Rated Capacity

500 mm
Load Center

3000 mm
Lift Height

Technical Specifications

Power Source	Diesel
Model Series	S-series CPC(D)30S
Free Lift Height	145 mm
Fork Dimensions	1070 x 125 x 45 mm

Features

Key Features	Power Steering, Hydraulic Transmission, Safety System, Ergonomic Controls
