

32.6cc Gasoline Brush Cutter

This brush cutter is powered by a 32.6cc single-cylinder, two-stroke, air-cooled engine. It is designed for trimming weeds and small trees in areas inaccessible to lawn mowers.

Product Overview

High-Performance Brush Cutter

This 32.6cc gasoline-powered brush cutter is designed for efficient vegetation management, making it an ideal choice for clearing overgrown areas, maintaining fence lines, and tackling dense weeds. Featuring a reliable two-stroke, air-cooled engine, this tool provides the necessary power for demanding landscaping tasks. Its ergonomic design includes a 1670mm working pole, ensuring reach and maneuverability for professional agricultural and garden maintenance.
