

348cc Street Bike Motorcycle

This street bike motorcycle has a 348cc displacement and a 19L fuel tank. It features a TFT full color LCD screen, electric gasoline tank cover, seat cushion lock, and head lock.

Overview

High-Performance 348cc Street Motorcycle

This 348cc street bike is engineered for agility and power, featuring a DOHC single-cylinder engine and a lightweight aluminum alloy body. Equipped with advanced Bosch fuel injection and dual-channel ABS, it delivers reliable performance and enhanced rider safety. Its ergonomic design includes a 795mm seat height and a 19-liter fuel tank, making it well-suited for both urban commuting and spirited riding.
