

4 1/2 Inch Metal Grinding Wheel

This 4 1/2 inch grinding wheel is designed for metal applications. It is suitable for grinding, blending, and finishing metal surfaces with an angle grinder.

Product Overview

High-Performance T27 Grinding Wheel

This T27 DC angle grinding wheel is engineered for superior cost performance and safety in demanding metalworking environments. Designed for aggressive material removal, it is suitable for a wide range of applications including grinding grey cast iron, cleaning switchboards, and chamfering edges. Its sharp abrasive grain composition ensures efficient performance on metals, non-ferrous alloys, concrete, and natural stone.

Technical Specifications

| | |
|--------------------|--|
| Suitable Materials | Metal, Non-ferrous metals, Non-ferrous alloys, Concrete, Natural stone, Grey cast iron |
| Wheel Type | T27 DC Angle Grinding Wheel |
| Grade | 1 A / WA |
