

40A Earth Leakage Circuit Breaker

This earth leakage circuit breaker is designed for industrial applications. It has a 40A current rating, 0.1A sensitivity, and AC230V operating voltage.

Overview

High-Performance Protection

This earth leakage circuit breaker is engineered for rigorous industrial applications, ensuring robust protection against electrical faults. Designed with a 40A current rating and 0.1A sensitivity, it provides reliable safety in demanding electrical environments. The unit complies with international safety standards, making it a dependable choice for critical infrastructure and industrial systems.

Electrical Ratings

Rated Current

40 A

Rated Current

Leakage Sensitivity	0.1 A
Operating Voltage	AC 230V
Insulation Voltage (Ui)	400 V
Frequency	50 Hz

Compliance & Standards

Standards Compliance	IEC 60947-2, IEC 61008-1
