Product Overview

Professional 40W LED Work Light

This 40W rechargeable LED work light is designed to provide powerful, omnidirectional illumination for construction sites, workshops, and outdoor events. Featuring a robust tripod stand and a durable aluminum housing, it offers stability and long-lasting performance in demanding environments. With a 3-step dimmable brightness setting and a long-running lithium battery, this light ensures reliable, cordless operation wherever you need it most.

Technical Specifications

Power Output

40 W
Power

3800 Lm
Lumen Output

Electrical Characteristics

Parameter	Value
Input Voltage	DC 24V
Color Temperature	5500-6000K
Dimmable	3-step

Battery & Performance

Battery System

- Type: 18.5V 4400mAh Lithium battery
- Charging time: ~4 hours
- Running time: 2.5 - 10 hours

Construction & Durability

Build Quality

- Material: Aluminum housing
- IP Grade: IP65
- Includes tripod stand

Certifications

CE, RoHS, ERP, GS Certified Charger, UL Certified Charger, PSE Certified Charger
