

# 45W/70W LED Canopy Light

This LED canopy light is available in 45W and 70W configurations. It is designed for illuminating enclosed areas such as parking garages and warehouses, offering energy-efficient lighting with a long lifespan.

## ADDITIONAL IMAGES

## Overview

### High-Performance LED Canopy Lighting

This LED Canopy Light utilizes advanced Driver On Board (DOB) technology to deliver efficient, reliable illumination for commercial and industrial environments like parking garages and warehouses. Built with a durable die-casting aluminum housing, it ensures excellent heat dissipation and a long operational lifespan of up to 100,000 hours. The fixture supports versatile installation via surface or pendant mounting and offers advanced control options including 0-10V dimming and optional motion sensing.

## Performance Metrics

### Key Performance Indicators

**110 lms/W**

Luminous Efficacy

**100000 Hours**

Lifespan

**10 Years**

Warranty

## Technical Specifications

### Electrical Data

Parameter	Value
Input Voltage	120-277V AC
Wattage Options	45W / 70W
Lumen Output	5000lms / 8000lms
Dimming	0-10V

### Optical Properties

3000K-5700K Color Temperature

## Design & Installation

### Mounting Methods

- Surface Mount
- Pendant Mount

### Available Finishes

Brown • Black • White

## Compliance

### Certifications

cETLus, DLC Premium, IES File

## Features

### Advanced Features

- DOB (Driver On Board) Technology
- Die-casting Aluminum Housing
- Motion Sensor Compatible
