

5 cu. ft. Pneumatic Wheel Wheelbarrow

This 5 cu. ft. wheelbarrow features a pneumatic tire for enhanced stability and smooth movement across different terrains. It is ideal for hauling materials in gardening, construction, and landscaping applications.

Overview

Industrial Grade Material Handling

This 5 cubic foot industrial steel tub wheelbarrow is engineered for demanding tasks in construction, landscaping, and general trade environments. Featuring a robust 0.8mm powder-coated steel tray and a heavy-duty frame, it is built to withstand rigorous daily use. The inclusion of a pneumatic tire ensures smooth maneuverability even when fully loaded, making it an essential tool for transporting heavy materials like soil, gravel, and mulch.

Tray Specifications

Capacity	60 L
Material	Powder coated steel
Tray Thickness	0.8 mm

Wheel and Frame

Tire Specifications	14X3.50-8 4PLY Pneumatic
Rim Type	Heavy duty steel
Handle Dimensions	1500 x 50 x 25 mm
Handle Material	Wood

Structural Components

Component Thickness

Component	Thickness
Assembly Leg	3.0 mm
Front Support	2.5 mm
Wheel Guard	3.5 mm

Features

Key Features	Pneumatic Tire, UV Treated Tray, Powder Coated Finish, Heavy Duty Construction
